

Airweb Wireless Use Tips

NOTE: This is “Web Only” access similar to the type of access when connected to the Internet off-campus. Only active Sinclair employees and students are permitted access. Access can be used with Wireless Devices without the Sinclair Administrative Image or Not Owned by the College. Examples would include smartphones, iPods, iPads, other tablets, non-imaged laptops, personal laptops.

NOTE: Employees and students should use this wireless access level with any wireless device that does not have the Sinclair Administrative Image or that is not owned by the College. Airweb is available in the same number of locations where the Airuser access is available and additional areas.

NOTE: You must have administrative rights to your computer to complete this process.

1. Turn on your wireless device.
2. Click on the wireless network icon on your device. **NOTE:** Icons may look different on the different types of operating systems or different types of wireless devices.

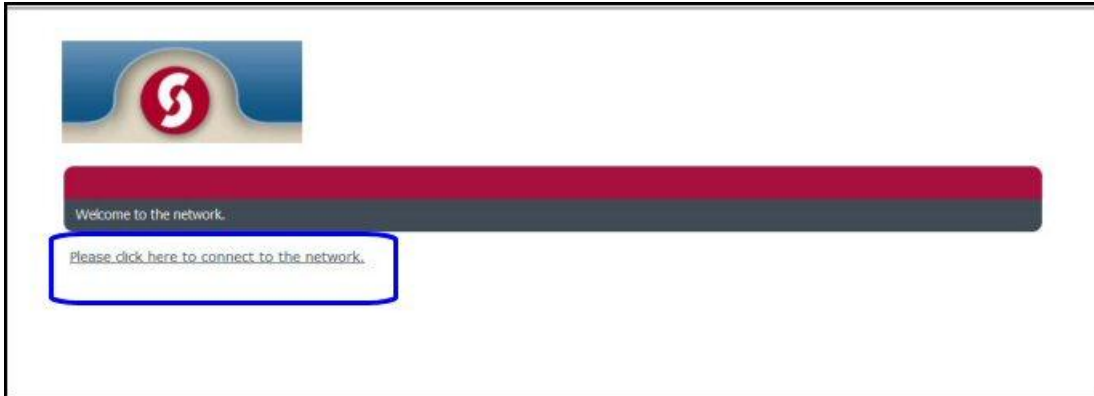

3. Double-Click on the **airweb** network icon. **Connect.** **NOTE:** This screen may look different on the different types of operating systems or different types of wireless devices.

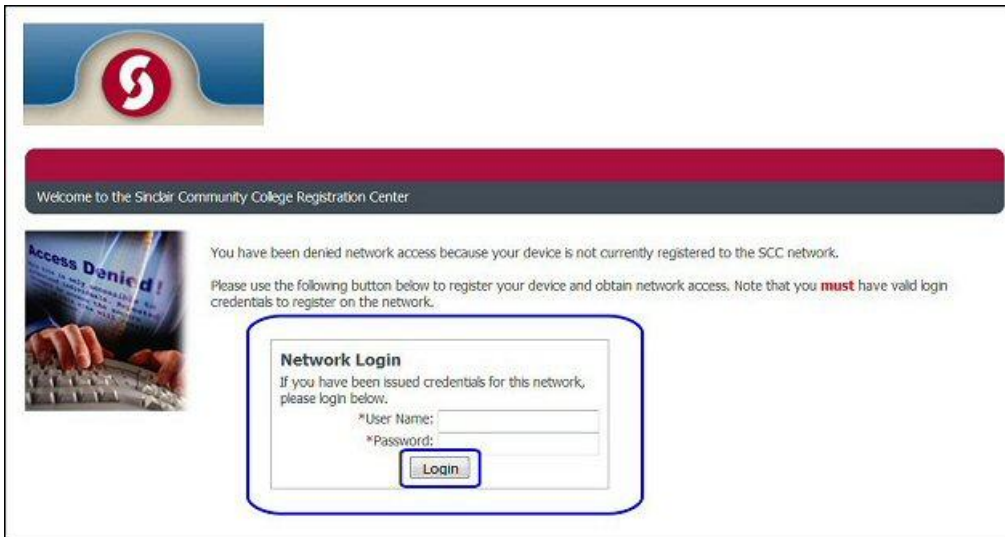

4. Next, open your web browser.

5. The screen below will open. Click on the **Please click here to connect to the network** link

6. The screen below will open. Click on **Yes**.

7. Review the info in the **Acceptable Use box**. Put a check in the **Acceptance box**. Then click on **Complete Registration**

Welcome to the Sinclair Community College Registration Center

You have been **denied** network access because this device is not registered to the network.

Sinclair Community College recognizes that principles of academic freedom, freedom of speech, and privacy hold important implications for information technology use and services. Sinclair Community College provides all information technology resources in support of the learning, research, and community/public service mission of the College and all administrative functions that support this mission. The College encourages the use of its information technology resources to share information, to improve communication, and to exchange ideas in support of these purposes. All information technology systems and services, including telecommunication equipment, computer systems hardware, software, and supporting infrastructure provided by the College, are the property of Sinclair Community College. Accordingly, the College reserves the right to manage all systems and services, including accessing records and other files resulting from use of these resources. Intellectual property and copyright laws may supersede College ownership of specific file content. Use of information technology systems and services should be undertaken with the knowledge that many electronically generated and stored records qualify as public records and may be subject to disclosure under the Ohio Public Records Act, Ohio Rev. Code 149.011, and that communications with students may be defined as educational records subject to the nondisclosure provisions of the Family Educational and Privacy Rights Act, Title 20 U.S.C. 1232g. Sinclair information technology resources may not be used for unlawful activities or for offensive, demeaning, harassing, or disruptive purposes. The College reserves the right to report any illegal activities to the appropriate

Network Registration In Progress...

In Progress...

Please wait while this device is registered to the network...

9. You will then see the screen below:

Welcome to the Sinclair Community College Registration Center

You have successfully registered this device to the network.

Welcome to the Sinclair Community College Network.

Click on the following link to obtain network access [Enterasys Networks](#)

Network access is granted.
[Click here](#) to obtain network access.

10. Your web browser may automatically open to the Sinclair web page below:

If it does not, open your web browser.

Once you have connected and opened your web browser, you will have **“Web Only” access similar to the type of access when connected to the Internet off-campus. You will have this access for 24 hours. After 24 hours, you will have to repeat the process above.**

NOTE to Sinclair Employees: You will **not** be able to access any files on your desktop PC's hardware. You will not have access to any network drives you may have mapped using your desktop or your H: drive or home directory.

11. To disconnect from Airweb, click on your wireless network icon.

Click on **Airweb** in the list of available networks and then click on **Disconnect**. Then click **Yes**.

For any questions or additional information about Employee and student wireless access, please contact the IT Help Desk at helpdesk@sinclair.edu or at 512-HELP (4357).

For any questions or additional information about public wireless access, please contact HarborLink at 1-800-451-0738 or at info@harborlink.net.
